

MARK YOUR CALENDARS!

12th Annual Eleanor M. Saffran Cognitive Neuroscience Conference

*Auditory Processing Disorders in Children and Adults:
Foundations and Intervention*

Temple University Philadelphia, Pa | September 15th – 16th

Friday, September 15, 2017

Jonathan Peelle, Ph.D., *Washington University*
Sheila Blumstein, Ph.D., *Brown University*
Carol Miller, Ph.D., *Pennsylvania State University*
Julie Morris, Ph.D., *Newcastle University*
Gail Richard, Ph.D. CCC-SLP, *Eastern Illinois University*

Saturday, September 16, 2017

Translational Workshops

This “Hands-on” workshop provides an opportunity for researchers and clinicians to work together to identify ways to implement a treatment, theory, and evidence-based interventions for auditory processing disorders in clinic or school-based settings.

Jeanane Ferre, Ph.D. CCC-A & Gail Richard, Ph.D. CCC-SLP
Workshop on interventions for acquired auditory processing disorders

Wendy Best, Ph.D., *University College London* & Julie Morris, Ph.D.
Workshop on interventions for auditory processing disorders in children
